Camp Discovery is a summer STEM camp for students with learning disabilities, Asperger syndrome, high-functioning autism or an intellectual disability.

The camp includes a comprehensive curriculum to help high-functioning students match their interests, strengths, sensory needs and abilities with potential life skills and career options.

Experienced staff will provide opportunities for campers to expand their peer relationships, increase communication skills and enhance independence in their daily activities.

For more information on this fun and exciting new summer camp opportunity, specifically designed for young adults with intellectual disabilities, please contact:
