SUBJECT: RFP 24-45 Reading Screener

The Curriculum & Instruction Department sought to procure a comprehensive reading screener to assess students on literacy skills in grades Kindergarten - 12th. The District is currently using several reading screeners in various grades through grade 8. For grades 9-12, the District currently does not have a Reading screener or Tier 1 Reading Intervention program.

Proposals were received from 9 vendors:

Amplify Education, Inc.	Mind Play
Curriculum Associates, LLC	NCS Pearson, Inc.
Ed Tech Soft, Inc.	PAR, Inc.
HMH-NWEA	Renaissance Learning, Inc.
Liberty Source	

Proposals were evaluated based on criteria published in the RFP document:

Criteria	Number of Points
Price	30 points
Services & Support	25 points
Extent to which goods/services meet the District's needs	25 points
Experience with AISD	20 points

The RFP was evaluated by the Director of Curriculum & Instruction, the Assistant Director of Curriculum and Instruction, the Reading Language Arts Coordinator, a Lead Specialist in State and Federal Interventions and Operations, an elementary campus principal, and a secondary campus principal. The committee evaluated all vendors and made the decision based on the best value to the District. The estimated budget for this program at the recommended grade levels is \$125,000. This contract has the option to renew for two additional one-year periods. This pricing reflects the vendor's bundled pricing for both math and reading. Without the bundled pricing, the estimated budget for the reading program only at the recommended grade levels is \$320,000. This does not include any additional professional learning costs. Funding source will be general operating budget.

It is recommended that HMH-NWEA be awarded for Reading Screener at Grades 3-12. MAP Growth Reading and MAP Reading Fluency is included in the Texas Education Agency (TEA) Commissioner's List of Approved Grade 7 Reading Instruments in accordance with Texas Education Code (TEC), §28.006(c-1).

NWEA Map Growth is aligned to the Texas Essential Knowledge and Skills (TEKS) in both English and Spanish and has a strong predictor to student performance on the State of Texas Assessments of Academic Readiness (STAAR). Beginning in the 2024-2025 school year, NWEA will be the screener for Read 180 and Math 180, Tier 3 Intervention programs utilized in the district. This streamlining of screening assessments will ensure that students with foundational skill gaps do not have to take an additional assessment.

Once the committee completed the evaluation, additional feedback from elementary and secondary campus principals was solicited on the rollout for particular grade bands in the upcoming school year. We are recommending that the recommended vendor replaces current vendors for Grades 3-8, and the recommended vendor is added for high school for 2024-2025, with consideration of K-2 in the following two years, if the Commissioner of Education updates the approved vendor list. For high school, the recommendation is to include all students in English I and English II, and any additional students in Grades 11-12 who still need to successfully pass either one of the English End of Course assessments.

SUBJECT: RFP 24-46 Reading Intervention Program

The Curriculum & Instruction Department sought to procure a comprehensive reading intervention instructional program in grades Kindergarten - 12th for students who require Tier 1 or Tier 2 Intervention as evaluated by the district's reading screener. The District is currently using several programs for reading in various grades for all levels of tiered support (Tier 1, Tier 2, and Tier 3). For grades 9-12, the District currently does not have a Reading screener or Tier 1 Reading Intervention program.

Proposals were received from 16 vendors:

Age of Learning	Lexia Learning Systems LLC
Amplify Education, Inc.	Liberty Source
Beereaders Inc.	Luz M. Roth
Curriculum Associates, LLC	MindPlay (Methods & Solutions, Inc.)
Estrellita, Inc.	Monteil Fitness LLC
Houghton Mifflin Harcourt Publishing	Pacific Learning (Pacific Learning, Inc.)
Imagine Learning LLC	Read Naturally Inc
Just Right Reader, Inc.	The APPLE Group

Proposals were evaluated based on criteria published in the RFP document:

Criteria	Number of Points
Price	30 points
Services & Support	25 points
Extent to which goods/services meet the District's needs	25 points
Experience with AISD	20 points

The RFP was evaluated by the Director of Curriculum & Instruction, the Assistant Director of Curriculum and Instruction, the Reading Language Arts Coordinator, a Lead Specialists in State and Federal Interventions and Operations, an elementary campus principal, and a secondary campus principal. The committee evaluated all vendors and made the decision based on the best value to the District. The estimated budget for this program at the recommended grade levels is \$510,000. This contract has the option to renew for two additional one-year periods. This does not include any additional professional learning costs.

It is recommended that Imagine Learning, LLC be awarded for supporting Tier I Reading Interventions. The Imagine Learning literacy suite includes Imagine Language & Literacy for students in Grade 3 and the Imagine MyPath Reading for students in Grades 4-12. Imagine Language & Literacy teaches foundational reading skills in the five components of literacy (phonemic awareness, fluency, comprehension, vocabulary, and phonics) across the four language domains (listening, reading, writing, speaking). Imagine MyPath Reading provides instruction and practice of grade level comprehension skills. The provider will allow campuses to provide individualized student needs based on screener data in both small group teacher-led lessons and online individualized student learning pathways designed to mitigate student learning gaps and help achieve mastery of the Reading Language Arts TEKS.

Once the committee completed the evaluation, additional feedback from elementary and secondary campus principals was solicited on the rollout for particular grade bands in the upcoming school year. We are recommending that the recommended vendor replaces current vendors for Grades 3-8, and the recommended vendor is added for high school for 2024-2025, with consideration of K-2 in the following two years if the Commissioner of Education updates the approved vendor list. For high school, the recommendation is to include all students in English I and English II, and any additional students in Grades 11-12 who still need to successfully pass either one of the English End of Course assessments.

Since Amplify Education, Inc. does not offer Boost Reading in Spanish for all grade levels, the district will continue to use Imagine Learning, LLC: Imagine Español for the Spanish Reading Intervention program.

This program is complementary to Imagine MyPath Reading and Imagine Language & Literacy.

RE: **BID 24-50 Transportation Parts & Supplies for Inventory & Catalog**

Bid Number **24-50** is an annual contract for transportation supplies for inventory. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, shelf price or price list. This will allow the District to purchase items or services which are not identified at this time. Items marked with an asterisk were marked "not as specified" due to incorrect brand substitution.

It is recommended that the low bids meeting specifications be awarded by line item, unless noted as all-or-none awards. For all-or-none sections, it is recommended that the lowest overall bid meeting specification and providing all items be awarded. It is also recommended that all vendors meeting specifications submitting catalog bids be approved.

RE: **BID 24-51 Transportation Batteries for Inventory & Catalog**

Bid Number **24-51** is an annual contract for transportation batteries for inventory. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, shelf price or price list. This will allow the District to purchase items or services which are not identified at this time.

It is recommended that the low bids meeting specifications be awarded by line item, unless noted as all-or-none awards. For all-or-none sections, it is recommended that the lowest overall bid meeting specification and providing all items be awarded. It is also recommended that all vendors meeting specifications submitting catalog bids be approved.

RE: **BID 24-52 Transportation Tires for Inventory & Catalog**

Bid Number **24-52** is an annual contract for transportation tires for inventory. In addition to the inventory line items, the bid asked for a discount from the vendor's catalog, shelf price or price list. This will allow the District to purchase items or services which are not identified at this time.

It is recommended that the low bids meeting specifications be awarded by line item, unless noted as all-or-none awards. For all-or-none sections, it is recommended that the lowest overall bid meeting specification and providing all items be awarded. It is also recommended that all vendors meeting specifications submitting catalog bids be approved.

RE: **Qualifying RFP: RFP 24-56 Charter Bus and Transportation Services**

RFP Number **24-56** is an annual contract qualifying vendors for charter buses and transportation services. The Special Trips Coordinator will select and quote the charter company based on passenger size requested, length of trip, price and availability. Included with the bid was a request for transportation services. These services will be used on an as-needed basis, due to a shortage of buses or drivers needed for in-district routes. This contract has the option to extend for two (2) additional one-year periods.

It is recommended all bidders meeting specifications be approved so that a number of charters will be available to provide special transportation services and supplement in-district routes when needed.

RE: **CSP 24-65** Professional Development Center (PDC) Paving Improvements

CSP **24-65** is for Professional Development Center (PDC) Paving Improvements. The district received three responses to the CSP.

Attached is the recommendation letter from Wm. Kelly Horn, Assistant Superintendent of Facility Services, a letter from Glenn Engineering and the evaluation summary.

It is recommended that the contract be awarded per their recommendation.

MEMORANDUM

TO: Wm. Kelly Horn, Asst. Superintendent of Facility Services
FROM: Mike Parkos, Director of Facility Planning and Construction
DATE: May 6, 2024
SUBJECT: CSP#24-65 PDC Paving Improvements

The project engineer, Glenn Engineering, completed the construction documents and the District requested proposals. Notification of the request for Competitive Sealed Proposals (CSP) was sent to local contractors, area chambers' of commerce and contractors on a list supplied by the DFW Minority Business Council. Notice of the request for CSP was also advertised in accordance with state law.

Proposals were received from three contractors:

Reeder Concrete Inc.
J Squared Construction Services
JB & Co.

After the evaluation process was completed, Reeder Concrete Inc. (RCI) ranked highest amongst all proposers with 75.26 points and represents "best value" to the District. District administration has confirmed that Reeder Concrete Inc. proposal includes the entire scope of work for the project. Further, administration has worked with Reeder Concrete Inc. to confirm the proposed cost and to verify the project schedule.

The total project construction budget for the PDC Paving Improvements is \$2,400,000. Reeder Concrete, Inc. offered a competitive sealed proposal amount of \$1,631,000 for the project. District administration recommends adding a contingency of \$100,000 to add gates at the entrance driveways for a total proposed project contract amount of \$1,731,000. The total project is \$669,000 under budget.

Based on this evaluation, District administration recommends awarding the PDC Paving Improvements Project to Reeder Concrete, Inc. based on overall best value, in the amount of \$1,731,000.

The engineer's letter of recommendation for construction contract award for the PDC Paving Improvements Project is attached.

Pending approval of the CSP, work on this project will begin in June 2024 with substantial completion in August 2024 and final completion in October 2024.

Arlington Independent School District Board of Trustees Communication

Meeting Date: May 16, 2024

Consent Item

Subject: UTA/AISD Teacher Recruitment Partnership (MOU) "UTA²"

Purpose: The purpose of this proposed partnership between Arlington ISD (AISD) and the University of Texas, Arlington (UTA) is to establish a recruiting pipeline of UTA students for AISD teacher vacancies. The proposed Memorandum of Understanding (MOU) will support applicant fees through their alternative certification program in exchange for the commitment to teach in Arlington for at least three years following achievement of the intern certification. UTA has also committed to supporting their students hired in teaching positions with online and on demand coursework, face-to-face sessions when feasible, multi-tiered mentoring, field observations, etc. in a cohort model with staggered start dates.

Background: Sufficient applicant flow for teaching positions continues to be a challenge for school districts throughout the region and the state. AISD has previously implemented a "Bridge Substitute" program to utilize teacher applicants who are currently pursuing their alternative certification. These hires are provided with both a Bridge Substitute offer, and contingent Chapter 21 Teacher offer simultaneously. Employees are transitioned into full time certified teacher roles upon their completion of certification requirements. The applicant flow in large part for these hires was produced through a relationship with an alternative certification program, Texas Teachers. The proposed MOU with UTA will further supplement the applicant flow for our entry level teaching positions and provide mentoring support to new hires.

Recommendation: The board approves the proposed MOU between UTA and AISD.

Subject: Consider Missed School Days Waiver Due to Safety at Bowie High School on April 25 and April 26, 2024.

Purpose:

To consider the approval to request a waiver from the Texas Education Agency (TEA) for Missed School Days at Bowie High School.

Background:

The Texas Education Agency provides a waiver opportunity for Local Education Agencies (LEA's) for weather conditions, health issues or safety related issues.

On April 24, 2024 near the end of the school day, there was a shooting on the outside of the school building on the grounds of Bowie High School. One student was hit by gun fire and subsequently lost his life. Due to the safety issues associated with this event and the time needed to address the school community, school was cancelled for students on April 25 and April 26, 2024. School resumed normal schedule on April 29, 2024.

Recommendation:

The administration recommends the Board approve the submission of Missed School Days Waiver for Bowie High School on April 25 and April 26, 2024 to the Texas Education Agency.

Subject: Consider a Resolution and an Easement and Right-of-way for a 9,670 square foot (0.222 acres) tract of land situated in the Milton H. Anderson Survey, Abstract Number 40, Tarrant County, Texas and being a portion of Lot 1, M.H. Anderson Addition, an addition to the City of Arlington according to the plat thereof recorded in Volume 388-132, Page 12, Plat Records, Tarrant County, Texas

Purpose: To provide the Board of Trustees the opportunity to consider a resolution and granting an easement and right-of-way for a 9,670 square foot (0.222 acres) tract of land situated in the Milton H. Anderson Survey, Abstract Number 40, Tarrant County, Texas and being a portion of Lot 1, M.H. Anderson Addition, an addition to the City of Arlington according to the plat thereof recorded in Volume 388-132, Page 12, Plat Records, Tarrant County, Texas.

Background: The District is constructing additions and renovations to Glaspie Field and Oncor Electric Delivery Company, LLC, requires an easement and right-of-way to reroute underground electric supply lines, consisting of a variable number of wires and cables, surface mounted equipment, conduits, manholes, vaults, transformers, switches, switchgears, auto-transformers, protection, sectionalizing devices and all necessary or desirable appurtenances over, under, across and upon the subject property.

The easement gives Oncor access to construct, maintain, operate, repair, remove, replace, reconstruct, abandon in place, and to change the size and capacity of the facilities required to provide electric service to Martin High School and the right to relocate said facilities in the same relative direction of said facilities.

Recommendation: Administration recommends approving a resolution and granting an easement and right-of-way to Oncor Electrical Delivery Company, LLC, for a 9,670 square foot (0.222 acres) tract of land situated in the Milton H.
